

# MOULDED RUBBER GUARDS

## DOCK BUMPERS

### MOULDED Prestige Light Duty Areas

#### Features

- Makes for a clean, neat, attractive dock area
- Moulded in one piece of all new rubber compound
- Won't warp, rust or rot
- Compact size

#### Benefits

- Unique design and construction
- Immune to weather conditions
- Contains the correct amount of resiliency to absorb pressure and impact shock without damage to truck or dock

#### Material/Thickness

- Manufactured from fibre reinforced prime rubber containing nylon and polyester
- 100mm thick
- All bumpers have a durometer reading of  $80\pm 5$
- Pre-drilled, countersunk mounting holes for easy installation, and are drilled to accept 18mm anchor bolts

#### Installation

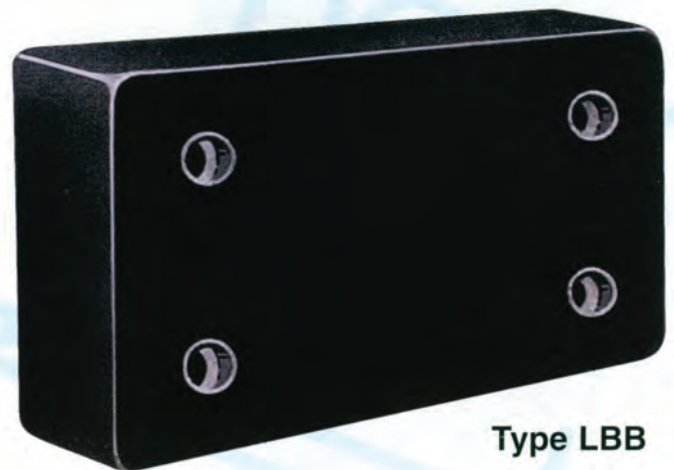

- Installation is easy — 18mm fixings are mounted through pre-drilled holes into dock

#### Uses/Applications

- Dock protection
