Contact your Latham Representative to discuss the application and specification of this system.

Aluminium Code	A	B	C	D	Movement	Total Movement
USETM-50	50	38	50	66	+/-20mm	40mm

All dimensions are in millimetres.

All mechanical expansion joint fixings by others.

The Latham Elastomeric Parking Seal provides an attractive expansion joint solution for parking stations and roof top structures. The neoprene seal creates a virtually water proof seal when correctly installed. The flush finish and elimination of the cover plate ensure quiet transition of vehicles.
